## Let's do some Math!

Finally, beautiful equations in the Informatics Template!

$$H = - \sum p(x) \log p(x) \quad (1)$$

## Some pretty blocks!

### Block containing stuff

The body of the block. This is pretty long actually—look it will go over two lines. The block is used for definitions and whatnots.

### Alert block

This must be really important.

### Example block

An example of something awesome.

Slide without title.
